

Sequence Step Recipients report 🗝️

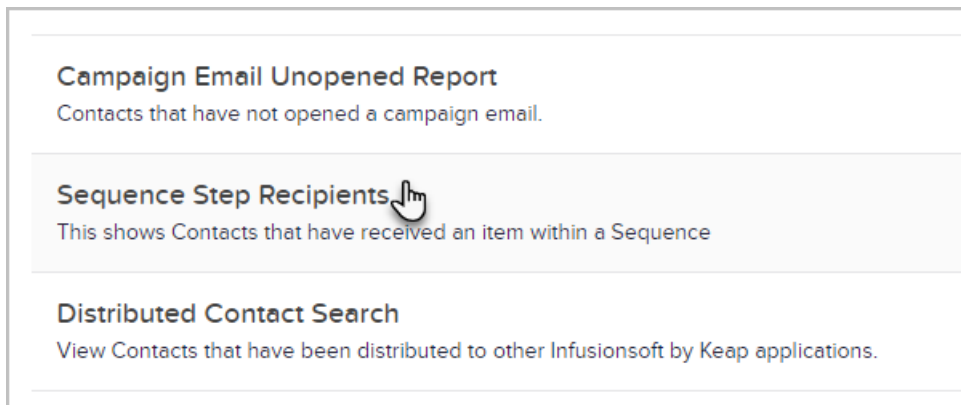

The Marketing Sequence Step Recipients report shows contacts that have received an item from an automated sequence in one of your campaigns.

This report includes all existing contacts who have received the selected step (e-mail, voice broadcast, etc). It does not include deleted contacts, which may result in a difference between the total number of records displayed in the report and the number displayed on the step in the Campaign Builder.

1. Navigate to **Marketing > Reports**

2. Click **Sequence Step Recipients**

3. Enter any search criteria including specific campaigns or sequences to limit the the report to searching
