

# October 8, 2020 | Infusionsoft

## My Day and the interactive view get a fresh coat of paint

We updated the look of two key areas of Infusionsoft: **My Day** and the [interactive view](#) for **contact and opportunity lists**. No changes have been made to the functionality of these pages, but you'll notice a more modern and intuitive look, along with clear labels for actions on the interactive view.

## Campaigns update: New Cancel Subscription process

Automatically cancel a client's subscription with this new campaign process. No more comparing statuses and manually updating subscriptions, just leave the work to your campaigns. Find it in "processes" in the "sequence tools" menu. [Learn more.](#)

## Payments update: Switch processors without interruption

Easily move your existing payment plans, subscriptions, and order forms to one of our preferred processors with our new payment migration tool. Change your payment processor without interruption and keep your payments on track. [Learn more.](#)
