## Contacts update: Contact first and last names can now start with lowercase letters

Save your contacts as intended with the ability to start names with lowercase letters. (Previously, the first letter defaulted to upper case.) This is important when adding contacts with multipart names, such as Vincent van Gogh.

## My Day update: Usability improvements

This week we continued enhancing My Day by widening the My Day experience to make full use of your screen size and opening contact links in new tabs instead of the current window.

## Bug fixes

- The Receivables reports were displaying results from one day prior to the selected “Date Due” start and end dates. ([Known Issue 2177687](#))
-
