View all saved reports

It's easier to manage your saved reports. Wherever you see a Saved Reports tabs, you can now "View all saved reports" and edit or delete reports. [Learn more.](#)

Stripe payments are now 3D Secure 2 compliant

Great news for our customers processing payments in the Europe Economic Area (EEA). Our Stripe integration now meets Strong Customer Authentication (SCA) requirements with a 3D Secure 2 flow that will authenticate transactions as needed, ensuring you will not see any compliance-related payment failures when using Stripe in 2021. Bug fixes

- The results on the calendar items widget would stay the same when selecting a specific user or date in the "View for" drop-down. ([Known Issue 2225137](#))
 - Opportunities moved into a won or lost stage without a won or lost reason reported that they were saved successfully, but the Opportunity's stage would not change.
