Centralized Reporting Hub (Max/Max Classic)

You now have a single place to view and search all available reports in Keap Max and Max Classic. Save time by not having to remember where your most important reports are. The Centralized Reporting Hub will let you view and search all of your reports, and pin your top 10 most relevant reports and saved searches to the top for quick access. Learn more.

Customer App Edition in Help Menu (Pro/Max/Max Classic)

The app edition (Pro/Max/Max Classic) will now be visible in the help menu so customers can more easily identify their edition. Learn More.

Bug fixes

- When copying and editing an existing Task Goal from a Campaign you could not "Save" or "Exit" the Task Outcome settings window
- Bulk actions were running on all contacts in the application, when run from the Customer Lifetime Value Report and when some columns weren't present on the repor
